

FRICK IS A DEMOCRAT.

HE CONTRIBUTES TO THE FUNDS OF THE FREE-TRADE PARTY.

Statement.—Paul H. Goss Financial did to the Republicans Free Universe—But He Did Give \$10,000 to the Democrats.

A special from Pittsburgh says that Henry C. Frick, President of the Carnegie Iron and Steel Company, has swelled the election fund of the Democratic party by a contribution of \$10,000.

This gives the lie to the statement telegraphed last week from New York that Mr. Frick had given a check for a large amount to the managers of the Republican National campaign.

It is not regarded as strange that Mr. Frick should have given succor to the Democracy.

In the late Homestead trouble it was a Democratic Governor who ordered out the troops.

It was also a Democratic officer who was in command of the military.

The contest of the Carnegie Company with its locked out Union workmen certainly would have been prolonged and might have had a different outcome but for the presence at Homestead of the military.

Mr. Frick's contribution to the Democratic campaign fund is regarded as an act of gratitude for services rendered by representatives of that party.

The desperate Tammany bosses are threatening armed resistance to United States Marshals and Supervisors who attempt to keep Tammany repeaters and colonists from illegal voting in New York city.

The ugly and inflammatory circular issued by Sheehan has been followed up by systematic appeals to the passion and prejudices of the most ignorant Tammany followers.

Appearances indicate that it is the fixed purpose of the Democratic leaders in New York to provoke violence and rioting around the polls to-morrow.

If advantage is taken of the confusion and tumult to stuff ballot boxes with Democratic votes, or to destroy Republican ballots which have been cast, it will be in accord with approved Democratic tactics.

The conspirators may as well understand that their plot will not work.

The Republican voters of New York can neither be bought nor bullied.

The Federal officials, charged under the laws of the United States with securing a fair election, will do their duty without fear or flinching.

The arrests of colonizers and repeaters already made, which have excited the Democratic bosses to such frantic rage, will be followed up by the apprehension of every offender against the suffrage against whom the Republicans have secured evidence.

The Federal officers do not propose to do injustice to any man.

They do propose, acting within strictly constitutional limits, to block the Tammany schemes for rolling up a vast fraudulent majority in New York city.

It will be well for Tweed's successors to remember that behind the United States officials is the United States Government, and that behind the Government is the Nation.

The mandates of the Constitution will be enforced.

The criminals who stole New York state last December will not be permitted to steal it again.

The Irish World is frank and strong and clear. You always know where it stands on all questions. The editor could not be a Mugwump, for shilly-shally work is not in his line. He cannot be a Democrat, for he knows how British Free-trade has crushed Irish industry. His Republicanism and his Protection views are stalwart—the heart as well as of the head. His words go far and reach deep into the hearts of our Irish-American citizens.

For the first time in the history of Mason county politics, an Irish-American is a candidate for a high office.

It is an opportunity which Irishmen should embrace to vote for one of their own race and blood.

A vote east for William A. Byron for Commonwealth's Attorney is a vote for a man who will gain the office and who will add additional luster to the Irish name.

Be sure and hear him at Neptune Hall to-night, and be sure to vote for him at the polls to-morrow.

MAYSVILLE, KY.

THE SINGLE X JUBILEE.

Neither Reassuring to the Democracy Nor Terrifying to the Republicans.

The Democratic Single X rally on Saturday night did not amount to much. The clubs from the country did not materialize. The Orangeburg and Plumville clubs came in together, thirteen strong, and the only organized body to arrive. The demonstration did not come up to the expectations of the faithful by any means.

A large crowd was at the Courthouse composed of single X, double X, triple and quadruple X voters. The small boy and the tin horn were numerous on the streets and were about as eloquent and convincing as some of the Democratic orators with which the good people of Mason county have been afflicted for the last several weeks.

HARRY HAULMAN is announced this morning as a candidate for Mayor of Mayville. Mr. Haulman is one of the best citizens and has for many years been a most valuable member of the City Council from the Fifth Ward. If elected he will serve with but one end in view, that of the welfare of the people.

Death of John Fisher.

John Fisher died at his home on Sixth street yesterday morning at 9:30 o'clock after an illness of many months.

MR. HARBOE was among the oldest and best known of our Irish residents. He was born in the County of Wexford, Ireland, 72 years ago. He came to America in 1851 and lived ever since in Mayville.

His bereft family consists of a wife and four children, Mrs. W. W. Willock and Miss Kate Fisher, and John and Joseph, all of this city.

The funeral will take place to-morrow morning at 10 o'clock from his late residence.

Mr. West Too Lee.

ZUCCHINORI, IND., Nov. 7.—Miss Parmerelle Wright died in Boston Harbor Friday night aged 103 years. She was the oldest person in Brienne county.

She retained her mental faculties to the last. Miss Wright was born near Brienne, France, in 1800, and often saw George Washington, Thomas Jefferson and other noted men of that time.

In Behalf of Factory Women.

BY THOUSANDS.

United States Marshals Sworn in by the Wholesale.

Badges for Ten Thousand Deputy Sheriffs Received in New York.

And Men with the Women in the Police Force—They Will Be Selected at Every Polling Place Ready for Any Trouble That May Arise.

New York, Nov. 4.—The excitement continued Saturday over the anticipated conflict between the police and the federal marshals on election day. The clubs from the country did not materialize. The Orangeburg and Plumville clubs came in together, thirteen strong, and the only organized body to arrive. The demonstration did not come up to the expectations of the faithful by any means.

The democrats are making preparations to prevent these marshals from interfering with the voters at the polls. The Guard, too, will be on duty Saturday morning for special deputy sheriffs, all of which he proposes to use on election day. Men will be sworn in as fast as they apply. They will be placed in every polling place to be ready for any trouble that may break out.

United States Marshal J. W. Jacobus was busy all morning swearing in deputy marshals. He said it would take two thousand men to cover the election districts in the city, but possibly more than that number would be needed. Mr. Jacobus said:

"Tammany has been in the habit of evading the election laws, but this year they have done it more openly. We propose to make it as difficult as possible for them to do it. We propose to have enough men to prevent it, and there might be a fight and there might not.

In any event we propose to show that United States laws are superior to state laws."

There is a rumor afloat in republican quarters Saturday morning that a warrant will be issued for the arrest of Lemuel T. Sheehan on a charge of attempting to incite persons to an insurrection against the authority of the United States, but the democrats only imagined when the rumor was repeated to them.

Inspector Williams told a United Press reporter that he did not anticipate any trouble at the polls election day.

The people of this city have too much respect for law and order to indulge in any such nonsense," said the inspector.

BURNED THE BODY.

Georgia Colored People Executed Over a Stinking Crime.

CUTHBERT, GA., Nov. 7.—The Negroes of Cuthbert's district near here are greatly excited over a horrible crime committed yesterday. Some of them have their wagons about them that will do the burning. Dock and Howard Taylor have been prominent colored farmers in that district. They lived together, neither being married. Several days ago neighbors detected a peculiar smell and an unusual amount of smoke from the Negroes' house. When they went to investigate, Dock told them that he was "burning some ole meat." A dozen or two hours later Howard Taylor and his wife were found in the woods. Part of the face and body had been burned, and Dock confessed that in a quarrel he had beaten his brother and had thrown him into the fire, intending to burn him to death. He had been trying to burn the boy, though the boy had been found in the flames. Dock had been trying to burn the boy to death, though the boy had been found in the flames. Dock had been trying to burn the boy to death, though the boy had been found in the flames.

Probable a Fatal Spasm.

CALDWELL, O., Nov. 7.—Miss Frank Cleveland, of Newfield, was punished for the death of her child, Modesta. She had the child across her knee and received injuries from which she will probably die. As she was laying on the floor with her bare hand the boy, though he had a pencil in his hand, threw it with all his might into her eye. The mother struck the pencil, running the lead in the palm of her hand. Blood poison set in, and the arm was amputated Saturday. The chances are against her.

HARRISON can be elected without the vote of New York, but he won't be. The Empire State insists upon sharing the honor.

You will have a chance to-morrow to vote against the party that pretends to believe that a country can enrich itself by closing its factories and hiring its manufacturing done in foreign lands.

PROFESSOR who admired CLEVELAND for his courage in writing the Tariff message of 1857 must have an interesting opinion of the quality of his dodging letter of acceptance in 1892.

ROBERT T. LINCOLN, our Minister to England, has had some opportunities to observe conditions there. An Englishman in Quaker City, he said: "They say such coal is cheap in England than in America. The difference is, my friends, that the American laborers can buy the coal. Across the water there are crowds to be seen who could not buy a cent if they were selling at one cent."

At Russellville a window full of fire-works exploded and a large crowd rushed to the scene. In a few minutes the gasoline lamps in the window also exploded, injuring twenty-five people. Some of the wounds are serious but not fatal.

This will be an "off year" for GROVER and for HAZELRIGG, HARBISON & Co.

AFTER to-night the Democratic Single X Clubs will have other business than bowing for English Free-trade.

HOLD, McCARTNEY, COCHRAN and EBY are gentlemen of whom any party might feel proud; and the Democrat who votes for either of them will honor himself.

THE campaign, National and local, will end to-night. To-morrow the voting will be done, and beginning at 10 o'clock to-morrow night the Republicans will do the shouting.

NEXT Wednesday morning a large number of Mass. Republicans—Democrats—who have plumped their faith to the assertions of *The Bulletin*—will wake up to a full realization of that paper's capacity for downright lying.

THE party which two years ago misrepresented the McKinley law to the country and won a victory by deceit and falsehood is nearing its day of reckoning. Judgment has been entered against it, and the hour of its execution is approaching.

HERE never was a note issued by a National Bank under Republican rule that was not, finally redeemed at 100 cents on a dollar. The holders of the notes of state banks under Democratic administration lost more than \$165,000,000 in twenty years.

THE Democratic party is the party of destruction. It touches systems only to destroy them. It proposes to grapple with the Tariff, not to reform it, but to annihilate it. It seeks to attack the banking system not to strengthen or amend it, but to overthrow it.

CLEVELAND will be beaten in New York. Tammany's solid and enthusiastic support proclaims a corrupt bargain which is offensive to the people's nostrils. It will increase HARRISON's plurality above Harlem Bridge by thousands.

THE Democratic party in numerous Northern and Northwestern states has given up the ghost. It has proclaimed the hopelessness of its existence in Nebraska, Kansas, Minnesota, Nevada, Colorado, South Dakota and other states, and has gone into the People's Party. Thousands of Republicans who have gone astray into the People's Party, though members of the People's Party, have come back to the Republican party, where their principles and convictions make them belong.

THE WAY TO VOTE.

READ OVER THESE DIRECTIONS CAREFULLY AND FOLLOW THEM:

It is an Easy Matter to Vote Under the New Law if You Will Study it—Ballots Not Marked Intelligibly Will Not Count.

So much has been said about the intricacies of the new election law that people who have not read it really know it will be very troublesome to vote under the new system.

It is in fact a simple matter especially for those persons who wish to vote a straight ticket. The names of the candidates are printed on an arched list, the ballot, the candidates of each party

by reason of inability to read the English language, he is unable to mark his ballot, or party ticket, to the Clerk, who, with the Judge, the Sheriff, and other officers, and the elector, shall, with his pencil, mark a dot in the appropriate place for each cross mark to indicate the name of the candidate. The Clerk shall then fold and deliver the ballot to the elector, and instruct him to retire to the booth, and there mark his ballot by making a cross mark in the squares showing his choice.

If a voter does not wish to vote for any candidate for a certain party or wishes to vote for another race or more than one, he may then place his X mark in the square containing the name of each and every candidate for whom he wishes to vote and make a cross mark in the square containing the device of any party.

The polls shall be opened at 7 o'clock in the forenoon and kept open continually up to and closed at 4 o'clock in the afternoon of the day designated for receiving the ballot of any elector, the officers of election shall cause to be proclaimed that such election is open.

No person, other than the election officers, shall remain within fifty feet of the polls, except when voting. Provided, that any voter or special agent, or challenger for a specific purpose, shall be entitled to stay in the room or at the door thereof. Such challenger shall be appointed in writing by the Chairman of the county committee of the party, and shall produce written appointments on demand of any voter who may desire to examine the device embracing the device that party.

Each voting booth will be provided with a rubber stamp with which to make the voter's mark. The voter must make the X mark in the square containing the device shows that the voter has voted for every candidate of that party, and no other.

The device of the Republican party is the Eagle; that of the Democratic party is the Rooster; of the People's party a Plow and a Hoe; of the Greenbackers the Phoenix, a bird which somewhat resembles the Eagle and which voters desiring to vote the Republican ticket must be prepared not to do so. The X mark in the square containing the Eagle will show that you have voted for each and every candidate of the People's party, the Plow and Hoe, and the Greenbacks.

When the polls are closed the officers of election shall, in the voting room, immediately count the votes, and certify the result, and the results shall be no adjournment shall be had until the same is completed. When the result of the ballot is ascertained, it shall be immediately published, and the Clerk, Sheriff and Inspectors shall, in the presence of the electors, seal up all returns to the Clerk of the County Court, with the returns of the election, for such judicial or other investigation as may be necessary, with a copy to be made to the voter, to whom they have or have not been counted, and, if counted, what part, and for whom.

We print herewith a partial summary of the rules of the election. The Democratic and Republican tickets are arranged just as they will appear on the regular ballot. To the right of the Republican ticket is the name of the People's party, the Plow and Hoe, and the Independent tickets in the order named.

Please place your X mark under the Eagle and inside the square and there is no possibility of making a mistake.

SAILORS' PERIL.

The Whaler Helen Mac Caught In a Mass of Ice
In the Arctic Regions and Crushed Into Kindling Wood.

Thirty-Five Seamen Lost Their Lives—Only Five of the Vessel's Men Escape—The Survivors Cling to the Hull for Many Hours.

SAN FRANCISCO, Nov. 7.—The steamer *Belgica*, which arrived from the Arctic Sunday, brings the news of the destruction of the whaling bark *Helen Mac*, Capt. Thaxter, and the loss of thirty-five of her crew. Only five of the vessel's men escaped. On Saturday morning, while the *Helen Mac* was engaged in hunting a whale, in latitude 71 deg. 30 min. north, longitude 100 deg. 30 west, she was crushed in the ice. The ice came in a rush and without warning.

The vessel had been coasting to explore the Arctic, the officers and the men had no time to lower the boat and get away. The fifth mate, Ward, a bold steerer, Cook Ossy Kershaw and two sailors were the only ones saved.

They clung to the main mast as it was torn from the ice. The rest of the crew, including Capt. Thaxter, were either crushed to death or drowned. For forty-eight hours the five men clung to the mast, and were finally taken off by the whaler *Osceola*. The *Belgica* brought down with her the crew and a Japanese sailor of the *Mae*. The two others remained on the *Osceola*, and went on the whaler *Reindeer*. The *Belgica* had taken five whales before her destruction, and was owned by Wright Brothers & Co., of Boston. Wm. Babineau, the chief officer of the whaler F. A. Bartow, and John Gallagher, of the *Reindeer*, died in Arctic. The *Belgica* brings the following report of the whaling fleet up to October 17:

Above the Arctic Circle: *Belvior*, 5; *Andrew Hinde*, 1; *Belvior*, 7; *F. A. Bartow*, 4; *Sea Ranger*, 5; *Norwell*, 11; *Sea Breeze*, 4; *Wanderer*, 4; *Perry Edward*, 1; *Konanac*, 3; *Laing*, 1; *California*, 4; *Mermaid*, 3; *Bounding Bill*, 9; *G. Grampus*, 10; *Hunter*, 16; *Jones Alman*, 16; *John Winthrop*, 1; *Ocean*, 4; *Thrasher*, 9; *North Star*, 1; *Boilen*, 9; *J. H. Freeman*, 4.

Anarchists' Monument Dedicated.
CHICAGO, Nov. 7.—The monument erected in memory of the anarchists executed five years ago in Chicago was dedicated at the foot of Dearborn street yesterday. It was a street paradise, in which many women and children participated, despite the fact that a cold, drizzling rain was falling. The graves of Spies, Parsons, Fischer, and Engel, who were executed for political crimes, and committed suicide, were covered over with flowers and wreaths, and on top of the monument was placed a floral gallows. The services consisted of songs and speeches, none of the latter being inflammatory, and no red flags were displayed.
